

DIRECTORS ARE ALL NEW MEN

Only Two of Former Board of Chamber of Commerce Are Returned.

At the annual election of the chamber of commerce Wednesday W. R. Brown, Walter Clayton, J. F. Cole, H. C. Ferris, W. T. Hixson, Crawford Harris, J. A. Krakauer, R. Orndorff and W. W. Rose were chosen directors for 1912.

The largest vote in the history of the association was cast. A total of 4500 votes being registered. Wednesday's vote showed an increase of about 1500 over that which was cast at the primaries a week ago. There were only 15 candidates for election as directors, as five of the original 18 nominees withdrew from the race the day before the election.

The new board of directors will be formally installed at the annual meeting and smoker Thursday night. A program which will include several prominent local speakers and some vaudeville acts will be given at the meeting.

All of the directors but two will serve their first term as members of the board. Walter Clayton and R. Orndorff being re-elected.

Walter Clayton is engaged in the feed and grain business and is a city councilman. R. Orndorff who was also re-elected, is in the hotel business.

Two railroad men were elected to the board. They are H. C. Ferris, general manager of the Mexico North Western, and W. R. Brown, general agent of the Santa Fe in this city.

W. W. Rose was formerly the manager of the Waters-Pierce oil company in this section and later in charge of the company in Mexico City, but recently has been engaged in the mining business.

Crawford Harris is the owner and manager of the El Paso Laundry company and W. T. Hixson is president and treasurer of the W. T. Hixson jewelry company.

J. A. Krakauer is a local hardware merchant and J. F. Cole is a real estate man.

FRESH TROUT AT ARDINO'S MARKET

ABE ATTELL IS GIVEN SUSPENSION

Commission Holds That He Faked and Stalled in His Recent Fight.

New York, N. Y., Jan. 25.—Abe Attehl, featherweight champion, was suspended from boxing in New York state for a period of six months by the state athletic commission this afternoon, which found him guilty of "faking" and "stalling" in his recent bout with "Knockout" Brown.

The commission also suspended "Jimmy" Goodman, Attehl's second, and announced that it would investigate the National Sporting Club of America, where the bout was held.

Attehl, now in the west, had testified before the commission that he fought to the best of his ability and believed he had been "doped" by the injection of too much cocaine into his hand by the club's physician.

EL PASOANS WILL LOG DEMING ROAD

With the purpose of logging the road from El Paso to Phoenix, a party from the El Paso Automobile club and the chamber of commerce, will make the trip over the road in autos, starting in about 10 days. The following members from the two organizations will make the trip: Dr. French & Carr, W. J. Hand, G. L. Fisher, W. H. March, T. P. Carter, Jr., D. D. Bukey, secretary of the automobile club, George Williams, A. E. Stimpes, J. W. Eubank and Hanes Richards, in about 10 cars.

Deming will be the first stopping place and the El Pasoans will be met there by a party of automobilists from Douglas, who will accompany them into Lordsburg. A delegation of cars from Hixson will meet the El Pasoans in Douglas. Douglas cars will probably accompany them to Phoenix and Tucson.

ADDITION TO BUILDING.

S. E. Patten has completed plans for the addition to the building at 212 South Stanton street, that will cost \$4000. The addition will be two stories high, with a store on the first floor with about 15 rooms on the second. The contract for the building will be given today and work will commence at once. The property is owned by Frank Del Buono.

Year by Year

the demand for GOOD FURNITURE increases.

There can be no question but that more people KNOW good furniture today than ever before.

The woman of today does not want simply a table, a bed, a chair, but it must be the RIGHT bed or table or chair for the right place.

She knows why it should have certain lines, where it will fit best, whether it will or will not harmonize and that it is not necessarily expensive.

She knows that money spent for good furniture is money wisely invested, and that money put in unworthy pieces or freaks is money thrown away.

We can interest people who want goods that are right, at prices that are right.

Hoyt Furniture Co.

IRON AND STEEL TARIFF REVISION BILL IS REPORTED IN CONGRESS

Representative Rainey Proposes to Prove Americans Caused Colombian Revolt.

Washington, D. C., Jan. 25.—The Democratic iron and steel tariff revision bill was favorably reported to the house today by chairman Underwood of the ways and means committee. The Republican members of the committee were given the right to file an adverse report. The committee had adopted the bill by a strict party vote.

"A survey of the iron and steel industry," says the majority report, filed with the bill, "shows convincingly that it has reached a position of such strength and independence that the industry does not need the helping hand of the government in order to stand in competition with foreign countries."

"The committee feels warranted in recommending that the duties be placed upon a distinctly revenue basis."

The report declares that the rates should be made low enough to permit potential competition from imports for the sake of natural and proper regulation of domestic prices and conditions.

It is believed that the rates provided for in this bill are competitive and if enacted would effect a substantial economy to the people by the disproportionate in its advantages to the small apparent loss of revenue.

Republicans Make Report.

Late in the day, seven Republicans

of the committee filed their report. It declared that the steel schedule should not be revised without a report from the tariff board and that the bill was framed without hearings and was in no way justified "by the toll bearing three years ago before the committee."

The minority assailed the idea that the schedule relates almost exclusively to goods manufactured by the United States Steel corporation.

"It is well known," says the report, "that this corporation can produce iron and steel articles more cheaply than any other of the numerous independent companies, but it does not produce even 50 percent of the iron and steel products of the country."

Cost of Philippines Asked.

The house today adopted unanimously a resolution introduced by representative Cox, of Ohio, requesting the president to submit a complete statement of the cost of the occupation of the Philippines.

"We have never had any figures anywhere near approaching the total cost," said Mr. Cox.

The Colombian Revolt.

American interests with the knowledge and cooperation of the state department "fomented" the revolution of 1903 in Colombia which resulted in the independence of Panama, according to representative Henry T. Rainey, of Illinois, before the house foreign affairs committee today.

The committee began hearings on Mr. Rainey's resolution for an inquiry into the taking of the Panama canal strip by the United States.

"I propose to show in this hearing that the declaration of the independence of Panama was prepared in New York in the office of William Nelson

Cromwell, and that November 3, 1903, was the date agreed on for the beginning of the revolution in Colombia," said Mr. Rainey.

The committee adjourned until next week without acting.

To Probe Steel Rates.

Inquiry into the operation by the United States Steel corporation of its subsidiary railroads in the Lake Erie, Lake Superior and Birmingham districts is to be resumed next week by the house "steel trust" investigating committee.

Freight rates on ore and manufactured products alleged to operate to the disadvantage of competitors of the corporation are to be inquired into exhaustively. A witness before the committee probably on Monday will be attorney Louis D. Brandeis, of Boston, who has been making a study of railroad rates, particularly the steel corporation's transportation rates.

Memorial Amphitheater.

Senator Sutherland, of Utah, has proposed a bill for a memorial amphitheater in Arlington, Va., cemetery. The bill would appropriate \$750,000.

To Publish Judicial Endorsements.

Publication by the president of every written or verbal endorsement of candidates for all federal judgeships from the supreme court down, prior to the appointment of the judges would be required by a bill passed by the house yesterday after a lively struggle.

The stringent requirement is the product of representative Cullip, of Indiana.

Republican leader Mann led a fight against the bill and lost, 93 to 147.

Chairman Clayton, of the house judiciary committee, said he would introduce a bill compelling all judges to retire at 70, or forfeit their right to the retirement pension provided by law.

To Protect Children.

After two hours' general debate, the senate has agreed to vote next Tuesday on senator Borah's bill to create a children's bureau in the department of commerce and labor, and on amendments suggested by senators Works and Pomeroy to limit the circulation of the bureau's reports.

Senator Bailey renewed his attack on the bill on constitutional grounds and criticized what he said were Mr. Borah's efforts to put children on a level with pigs.

"The effort is to raise them to the level of pigs," responded Mr. Borah. Mr. Bailey said it was mere "faddism" and that there was even too much legislation in the interest of livestock, adding that at the present rate "we soon will be sending a schoolmaster into every district."

TON LIA COMMANDER OF LOCAL KNIGHTS TEMPLAR

A. T. C. Lee is now eminent commander of the El Paso commandery, Knights Templar. The installation of the new commander occurred Wednesday evening in the Masonic temple and was in charge of the past eminent grand commander of the state of Texas, H. A. Carpenter, of El Paso. The complete list of officers follows:

—Past eminent grand commander: H. W. Connelly, generalissimo; W. R. Styles, captain general; George S. Slater, senior warden; W. W. Clegg, junior warden; H. A. Carpenter, treasurer; L. E. Gilbert, recorder; E. C. Paw, prelate; A. L. Sharpe, standard bearer; H. S. Browder, sword bearer; E. C. Hitchcock, warrier; John Ross, 1912.

LUMBER FOR PEARSON PLANT. A car of lumber for the El Paso plant of the Pearson companies, which will be used for construction purposes, was imported from Mexico Thursday.

For Friday:

WOMAN SURRENDERS TO POLICE ON A BURGLARY CHARGE.

Chicago, Ill., Jan. 25.—Mrs. Nellie Prince, who is said to be under indictment at Pittsburg for being implicated in the burglary of the homes of Mrs. William Thaw and R. J. Kaufman, wealthy department store proprietors, surrendered to the Chicago police late today.

The police here have been searching for the woman for several days and information sent from Pittsburg. When she gave herself up she declared that she was innocent of the charge against her.

She was taken to the women's annex of the South Clark street police station to await extradition papers.

DETECTIVES CONVICTED OF USING MAILS TO BLACKMAIL.

Philadelphia, Pa., Jan. 25.—The conviction of Gilbert B. Perkins and Charles Franklin, detectives of using the mails in an attempt to extort money, was affirmed by the United States court of appeals here today.

They were accused of sending blackmail letters to Mrs. Anna N. Strong, of Erie.

A. D. Foster has returned from a two weeks trip to Mexico City.

How Society Woman Wards Off Wrinkles

"Wrinkles are not strangers to me, but what I acquire such disfigurements I know how to lose them in a hurry." A well-known society matron confided this to me. I had wondered how she with her strenuous social duties and late hours, could so completely ward off the usual marks of care and dissipation.

"I don't wear wrinkles in public, nor those horrid rings beneath the eyes," she continued, "since I've learned what plain, ordinary saxolite will do. When any of those hateful marks appear, I send to the drug store for an ounce of powdered saxolite and a half pint of witch hazel. I mix the two, bathe my face in the solution and—that's the whole secret. I've never tried anything that works so miraculously. My skin is inclined to double, this trouble, too, I keep in check in the same way."

Emily Dean in Town Talk.

MAY RECALL THE MINERS' OFFICERS

Indianapolis, Ind., Jan. 25.—Recall of officials of the United Mine Workers of America is provided in a constitutional amendment adopted today by the miners' convention. Ten percent of the membership may initiate a recall and on petition of 30 percent an election shall be held.

By amendment the constitution was changed to provide that conventions be held every two years instead of annually.

FRESH TROUT AT ARDINO'S MARKET

Fruit measure at Southwestern Fuel Co.

ALLEGED ROBBERS ARE ARRESTED IN OLD MINE.

Walsenburg, Colo., Jan. 25.—A man hunt that has continued 11 days came to a dramatic and successful end with the arrest of two alleged robbers who were 500 feet in the bowels of the earth in the abandoned Occidental mine, west of La Veta.

The capture of Harry Hill and Frank Baldwin, said by sheriff Farr, of Huertano county, to be members of a gang of robbers who have operated in southern Colorado for the last five years, was effected by a posse led by deputy sheriff John White.

Hill and the elder Baldwin were arrested several weeks ago after a series of robberies in Huertano county. On the night of January 13 they dug through the concrete floor of their cell in the county jail and through the stone wall foundation of the building, and escaped.

Their trail led to the foothills, but they succeeded in eluding the posse that followed them closely. Last Monday night they robbed the ranch of Adam Kiegel, near La Veta, of guns and ammunition, according to Farr, who gave the clue to the men's whereabouts.

PILOT DROPS DEAD AND BOAT RUNS INTO CRUISER.

Honolulu, H. I., Jan. 25.—Inspected by the United States cruiser Colorado, which was damaged in a collision yesterday with the Hamburg-American liner Cleveland, showed that her port propeller was damaged to such an extent that she would be unfit to participate in the maneuvers until repaired.

An attempt to carry a load of steam would result in damage to the port engines.

Rear admiral Thomas today ordered an inquiry.

The collision occurred while the Cleveland was being brought into the harbor. Pilot Sanders, of the Cleveland, dropped dead on the bridge.
